

ered that Paul's round three score sheet had not been entered just as everyone was leaving (sorry George). Ron Boyd has been making rapid progress and placed third in Expert. In Eagle, Ron Scharck edged out Don Richmond as that rivalry continues to pick up pace leading up to the IHLGF on June 2nd.

Everyone had a great time. The next contest is on April 6th. Hope to see you there.

**HANDLAUNCH CLINIC**

*Tom Clarkson*

On April 20th TPG will be having a handlaunch clinic at the Poway field starting at 8am. It would be a great time for beginners to get a plane working. People will be there to help you get the glider trimmed and radios programmed. We will assist you in learning to launch your handlaunch plane. We will also discuss thermal finding for any that are inter-

ested. Also we will go over the basics of how to fly in a handlaunch contest. Tactics for each round of the IHLGF will be discussed as well as tips on flying in the event. Hope you can join us. It should be a good way to get started in Handlaunch and get ready for the IHLGF.
